Subject: Vermont Street December meeting

Hello all,

Since December can be a busy month for everyone, I'd like to go ahead and schedule the Allison Transmission/Genuine Parts/Michigan Plaza meeting, especially given that a few folks will need to travel to Indianapolis.

Please let me know some dates/times that you are available December 15-18. I think lab data should be back to the consultants by then so we can review the data.

Thanks again for your participation,

Erin Brittain
